Environmental Education

Wetlands Ecology and Management

Water Resources Modelling

Environmental Water Requirements

Environmental Impact Assessment

Waste Water Management

Water and Development

Drought and Flood Management

Regional Master Degree Programme in IWRM - 2010

FURTHER INFORMATION

Entry requirements

Participants are required to have at least a good first degree at Bachelor level (BA or BSc). The candidate should be able to show an orientation of his/her field of study to water related issues. Professional experience in relevant fields is an added advantage. The language of instruction is English. Candidates must therefore have a good command of the language.

Start of Programme

Programme starts in February 2010 at the two core host institutions.

Financial Assistance

WaterNet offers a limited number of scholarships on a competitive basis for SADC nationals plus to those of Uganda and Kenya.

How to Apply

Complete the application form (attached and also available on the WaterNet website) in full in English. Applicants should also provide all documents requested on the form in English.

Submit the application in electronic form to iwrm-masters@waternetonline.org or in hardcopy to

WaterNet
PO Box MP 600
Mt Pleasant
Harare
Zimbabwe

Applications should reach WaterNet by 31 July 2009

Only the successful applicants will be contacted.

If you have not been contacted by 31 December 2009 please consider your application unsuccessful.

For any further information, please contact the WaterNet Secretariat
